FROM THE DEAN'S DESK

Summer Programs

I hope you had a wonderful Easter Sunday and were able to celebrate the spirit of renewal and rejuvenation that the Eastertide season represents.

In the [University update](#) sent Thursday, the provost outlined a modified approach to summer academic programs on campus. The aim is to balance offering opportunities to students and faculty alongside the number of activities that campus operations can safely support.

For Mendoza, most of our undergraduate summer courses are already online, so the news primarily affects our graduate programs. The announcement means that all teaching for our graduate degree programs this summer will be in-person.

Subject to current health and safety requirements, the following in-person orientations are scheduled for early summer:

- MS in Finance-Chicago: May 17 - 20
- MBA One-Year: June 1 - 11
- MS in Finance-Residential: June 7 - 11
- Executive MNA: June 11 - 13
- MS in Management: June 14 - 18

The graduate programs may provide individual accommodations for in-person teaching depending on their students' circumstances and pedagogical needs, as well as faculty needs and circumstances. For example, the EMNA program, with the support of faculty and staff, is allowing students to choose whether to take a particular class in person or online.

It is exciting to be making these steps to return to normal. Still, returning to full operations is a process and will continue to require us to be flexible and patient.

There are many questions to be answered, such as what classroom arrangements will look like, whether visitors will be allowed, what any faculty accommodation process for the summer and fall looks like, and what the summer schedule means for staff returning to campus. The University continues to discuss these topics and many more. The University and I will keep you updated as decisions are made.

In Notre Dame,

Martijn

CALL FOR VOLUNTEERS

Volunteers are needed for the University's on-campus vaccination clinic that will administer the first dose of the COVID-19 vaccine (Pfizer) from **Thursday, April 8 through Thursday, April 15** in the Compton Family Ice Area. This University-wide event is particularly important to ensure all those wish to be vaccinated have the opportunity. For all information regarding this event, please visit <https://here.nd.edu/health-safety/covid-19-vaccination-information/>.

Volunteers will greet people when they arrive, check in individuals for their scheduled appointment, assist the vaccinators as scribes, run supplies, schedule individuals for second dose appointments, and direct people where to go. Volunteers do not give shots.

[Sign up here to volunteer for one or more shifts](#) as your schedule allows. Up to 100 volunteers are needed each day (50 volunteers per shift) to operate the clinic. Your shift will be confirmed 24 hours before you are scheduled and a meal will be provided. If you have any questions, please contact vaccine@nd.edu.

Support During the Pandemic

In an effort to help keep our faculty, staff and students safe, healthy and well supported during this challenging time, Mendoza IT continues to adapt our support model to provide you with the best service.

Whether we arrange to meet with you via Zoom or have a quick call to provide assistance, we always have staff on site during business hours to answer calls, respond to emails and meet in-person where necessary. We recognize that some tasks simply require a hands-on approach.

Thanks to our growing expertise delivering support using Zoom and other tools, even those who are working remotely can expect our same high standard of service.

We want to hear from you!

Especially at times where hallway conversations and face-to-face meetings are less common, we want to be sure our services always meet and often exceed your expectations. If you have any questions about our services or any feedback for us, please take a moment to share your thoughts.
